
BHAWESH CHAUDHARY

SECURITY ENGINEER

Kathmandu 44600 ♦ +977-9829344224 ♦ sayhi@bhaweshchaudhary.com.np

PROFESSIONAL SUMMARY

Security Engineer with hands-on experience in **SIEM operations, threat detection, incident analysis, and defensive/offensive security tooling**. Previously worked **1.3+ years** in **Backend Development** (Node/PostgreSQL), strengthening **API security** and **secure systems design**. *Open to remote and on-site opportunities globally.*

WEBSITES, PORTFOLIOS, PROFILES

- <https://www.linkedin.com/in/bhaweshchaudhary/>
- <https://bhaweshchaudhary.com.np/>
- <https://bhaweshchaudhary.com.np/Astra/>

ACCOMPLISHMENTS

- Engineered centralized SIEM policies with Wazuh agent.conf (FIM/Logcollector).
- Reduced SOC noise using centralized ignore rules.
- Performed forensic analysis using whodata and syscheck.diff.
- Built Astra – a high-speed CLI network scanner.
- Triggered Level 10 alerts for SSH brute-force using custom policy correlation.
- 2nd Place – Smart India Hackathon for blockchain-based secure document system.

EXPERIENCE

Startup Founder, 02/2025 - Current

Foxnett Business Solutions Pvt. Ltd. – Kathmandu, Nepal, 44600

- Configured and deployed custom Linux MTA policies (/etc/aliases) for real-time ticket piping, eliminating reliance on external email providers (Zoho/Google) and ensuring independent data ingestion.
- Developed a custom WHMCS addon (Email Verification Cleaner) to resolve excessive spam registrations and the lack of native bulk deletion. This solution automates the identification and purging of unverified client accounts via a scheduled cron hook, resulting in significant administrative time savings and a clean, compliant user database.

Backend Developer, 11/2023 - 02/2025

A5 Capital Partners LLC – 1515 E Woodfield Rd STE 200, Schaumburg, IL 60173 (Remote)

- Developed backend services using Node.js & PostgreSQL.
- Improved API performance and optimized database queries.
- Collaborated with frontend teams for secure and scalable system delivery.
- Participated in Agile processes including sprint planning and code reviews.

SKILLS

Wazuh	Splunk
Log Analysis	Incident Response
Burp Suite	Metasploit
Web App Pentesting	Node.js
TypeScript	Linux
Docker	PostgreSQL

PROJECTS

- [Astra Network Scanner](#) — High-performance CLI Network Scanner
- [SIEM/Wazuh Security Projects](#) — Centralized FIM Policy, Log Correlation, Noise Tuning

EDUCATION

B.Tech: Computer Science And System Engineering, 08/2024

Andhra University - Visakhapatnam, AP, India

- Winner — Smart India Hackathon 2023
- CGPA: 6.84 / 10
- **Associate Software Developer Intern — A5 IT**
Aug 2023 – Nov 2023

CERTIFICATIONS

Google Cybersecurity Certification
, 12/2025

Microsoft Technology Associate for Database Administration Fundamentals
, 06/2022
